PROFESSIONAL SUMMARY

Detail-oriented Virtual Assistant with 6+ years of combined freelance and corporate experience in administrative support, scheduling, data entry, web/real estate research, and spreadsheet reporting. Currently expanding into data analytics through a dedicated Excel and SQL training track, building interactive dashboards and workforce/sales analyses. Delivered accurate, on-time work for international Fiverr clients while managing business operations and KPI reporting in full-time roles. Known for reliability and strong attention to detail — comfortable working independently across time zones.

CORE SKILLS

PROFESSIONAL EXPERIENCE

Business Operations Manager | LUXERA

Jan 2026 – Present

On-site — Dhaka, Bangladesh

- Tracked daily sales performance and produced weekly summary reports used in team meetings, plus 3 comprehensive monthly reports covering inventory and sales across 100-500 SKUs.
- Automated reporting with Pivot Tables, XLOOKUP, and SUMIFS, cutting report preparation time from about 4 hours to about 1 hour (roughly 75% faster).
- Coordinated daily operations and reporting across 4-8 departments, including Sales, Inventory/Warehouse, Procurement, Finance/Accounts, Marketing, Customer Service, Logistics/Delivery, and HR.
- Coordinated calendars, schedules, and meetings; organized digital files, records, and databases; supported travel, expense, and invoice tasks.

Sales Supervisor | Wanshary Medium Pvt Ltd

Apr 2023 – Dec 2025

Preah Sihanouk, Cambodia

- Promoted from Sales Executive to Team Leader and Sales Supervisor based on consistent performance; led a team of 25+ members and coordinated daily activities.
- Assigned tasks, monitored performance, and followed up on targets and operational requirements.
- Maintained team records and performance data using spreadsheets and reporting tools.
- Supported communication, problem-solving, and day-to-day administrative coordination.

Freelance Virtual Assistant & Data Entry Specialist | Fiverr

Jun 2020 – Dec 2022

Remote

- Completed 120+ projects for international clients with a 5.0 rating across 80 reviews; about 60% involved building Excel dashboards and data visualizations.
- Generated over 10,000 B2B leads and prospect records using Apollo and CRM tools for client outreach campaigns.
- Researched and organized over 10,000 real estate property/listing records from Zillow and Realtor.com into Excel and Google Sheets.
- Coordinated client calendars and appointments; organized digital files, records, and databases with high accuracy.
- Managed projects independently, including client communication, deadlines, and deliverables.

Administrative Officer / Sales Executive | Jamie Money Changing House Pvt. Ltd.

Apr 2016 – Feb 2019

Dhaka, Bangladesh

- Managed daily administrative operations, branch documentation, and customer service activities.
- Processed transactions and performed data entry and reconciliation with high accuracy.

TRAINING & CERTIFICATION

AI Driven Data Analytics Career Track (Batch 20) | OSTAD

2026

- Completed an 8-module program covering advanced Excel (PivotTables, Power Query, Power Pivot, DAX), business dashboard design, and SQL fundamentals.
- Built a Sales Performance Dashboard and an HR Analytics Dashboard from raw data; portfolio at asif-ahmed-hridoy.github.io.
